Net asset value of the entire Fund shall be computed once every year and each worker's unit entitlement determined at the same time. Additional units will be given to the workers according to the amount they voluntarily contribute to the Fund.

7. Employee's own contribution.— A worker may voluntarily choose to contribute a part of his wages, cash bonus, dividend or interest to the Fund. For each unit of contribution, he shall receive credit for 1-1/4 units. Contribution received during the course of a year of account shall, however, be deemed to be contribution received on the last day of that year. If at any time a worker chooses to leave the employment of the company or his services are terminated or in the event of his retirement or death or on the expiry of three years from the date he voluntarily chooses to contribute a part of his wages, cash bonus, dividend or interest to the Fund, he, at his option, or, in the event of his death, his nominated beneficiary, may,] receive the net asset value of the units representing his contribution. All expenses of the Board, including the cost of maintaining accounts, shall be borne by the company.

12. Audit of the Fund accounts.— The Fund accounts shall be audited annually at the company's expense in the same manner as the accounts of the company are audited:

Provided that the Federal Government may, at its own cost, appoint independent accountants for a special audit of the accounts of the Fund.

13. Scheme's benefits to be in addition to other benefits.— The benefits to a worker under this scheme shall be in addition to, and not in derogation or substitution of, any other benefits to which the worker may be entitled under any other law, contract, terms and conditions of employment or otherwise.

14. Special provision for industries working seasonally.— Notwithstanding anything contained in this Act or this scheme the Federal Government, may, by notification in the official Gazette, make special provisions for the participation of workers in the profit of companies engaged in industrial undertakings which operate only for a part of the year.
